

Tour Details & Description

Your Bay of Islands day sailing adventure takes place on board GUNGHA II our 65 foot New Zealand built ocean voyaging yacht. We try to sail throughout the entire tour and to use our engine only briefly and when required for landing. Passengers are encouraged to get involved and help work the sails. Or you can simply relax and enjoy.

Our safety briefing is required listening for all passengers. We will brief you generally as a group before sailing. Throughout the day passengers are encouraged to ask any questions or articulate any concerns as the yacht tour can be exciting!

We confirm that all of our safety systems and equipment are current and authorized by Maritime New Zealand. Our captain and crew are friendly, helpful and fully qualified.
